

## HARDING COMPLETES ACCEPTANCE SPEECH

Finishes a Week's Work on Notification Address, to Be Made Thursday.

### LONGER THAN EXPECTED

Nominee Had Not Planned to Write More Than Four Columns, but He Did.

MASON, Ohio, July 17.—Senator Harding gave the final polishing to his speech of acceptance to-night and then prepared for a day of complete rest from the arduous task of a composition which has occupied his attention almost exclusively for a week.

He planned to pass to-morrow quietly and to take more time for recreation in the early days of the coming week. Since the Senator began work on his address he has been out of doors scarcely at all and the confinement has tried his nerves and taken away his golf tan. He said to-night he was feeling "tired and cross" from want of exercise.

The Senator worked to-day as in the years gone by in close cooperation with the composing room of his newspaper, the *Morton Star*, where the speech was put into type by instalments for printing the advance copies for distribution to the press. A relay of messengers carried copy and proofs between the newspaper office and the Senator's home, and once he went down town and visited his constituents.

The speech, which will be delivered here next Thursday at the formal notification of his nomination for the Presidency, exceeds in length his expectations and will run well beyond the four column limit he originally fixed.

With the speech out of the way, the speculation of those close to the Republican nominee swung toward the possible significance of the meeting to-morrow between his Democratic opponent, Cox, and President Wilson. It was a persistent topic of conversation among the local Harding managers to-night, for they expected it to put the spotlight again on the League of Nations and perhaps to show up more clearly what lines the campaign that will follow. Senator Harding himself had nothing to say about the conference, though he did not conceal his interest in it. It was said any public expression from him regarding the league or other important campaign issues probably would wait until notification day. His close advisers are said to have counselled that course, especially regarding the league, urging that he stand on his recent statement that President Wilson had turned Cox to take his cue on the treaty issue from the Administration.

### LABOR CHIEFS ON THE STUMP.

Will Fight Candidates Regarded as Unfriendly to Unionism.

WASHINGTON, July 17.—President Comptroller and Secretary Morrison of the American Federation of Labor probably will take the stump during the coming political campaign in opposition to candidates for Congress regarded as unfriendly to organized labor, Mr. Morrison said to-day.

He intimated that the federation would concentrate its efforts on candidates for the House and Senate rather than on heads of the party tickets.

The federation, however, has prepared for campaign purposes the records of the stand on labor legislation taken by Senator Harding, the Republican Presidential candidate, in the Senate, and by Gov. Cox, the Democratic Presidential nominee, when he was a member of the House.

## SAYS LAW AND ORDER PLANK IS OMITTED

Left Out of G. O. P. Platform, Asserts Hineshaw.

CHICAGO, July 17.—The law and order plank adopted by the Republican National Convention has been left out of the platform as issued from Republican headquarters here, Virgil G. Hineshaw, chairman of the Prohibition National Committee, said to-day.

"Prohibitionists," said Chairman Hineshaw, "are thunderstruck by the failure of the Republican platform issued by the National Committee to embody the law enforcement plank adopted along with other planks by unanimous vote of the Republican National Convention."

"Clinton N. Howard, representative of the Prohibition National Committee, and William J. Bryan sat in the Republican convention and heard this plank read in advance of its adoption, which followed without a dissenting vote. It was published as part of the platform in all the big papers of the land."

"Yesterday I went to the headquarters of the Republican National Committee in Chicago and Capt. Victor Helms, in charge, admitted the omission and said he was taking the matter up with the authorities in New York in order to ascertain the reason for leaving it out."

The plank referred to by Mr. Hineshaw was this:

"The equality of all citizens under the law has always been a policy of the Republican party. Without obedience to law and maintenance of order our American institutions must perish. Our laws must be impartially enforced and speedy justice should be secured."

'ROOSEVELT BRAND' HELPS, SAYS NOMINEE

Franklin D. Talks of Pledges He Has Received.

SPECIAL TO THE SUN AND NEW YORK HERALD.

WASHINGTON, July 17.—Evidence that the "Roosevelt brand" is an asset in the Democratic campaign was shown to-day by Franklin D. Roosevelt, Democratic candidate for Vice-President. Mr. Roosevelt says he has received approximately 2,500 telegrams and letters from various parts of the country pledging support. Of these, he says, fully one-third of them come from former Progressives, mostly men unknown to him.

Mr. Roosevelt spent a busy day clearing up the business of his department preparatory to his resignation, which will follow soon. The next few days will be exceptionally busy, including participation in the conference to-morrow with the President and Gov. Cox and a trip to Columbus for another conference. He will then go to Campobello Island, off the coast of Maine, where he will prepare his speech of acceptance.

DEMOCRAT FIGHTING FOR SMOOT'S SEAT

Mormon in Race for Utah's U. S. Senatorship.

SPECIAL TO THE SUN AND NEW YORK HERALD.

WASHINGTON, July 17.—Democratic organization leaders are making a concerted effort to defeat the reelection of Reed Smoot, Senator from Utah, James H. Moyle, one of the assistants in the office of the Secretary of the Treasury, has been selected to make the fight against Senator Smoot. The contest involves several angles of Utah politics, including the Democratic hope of lining up the Mormon Church in support of their candidate, who is also a Mormon. Heber J. Grant, president of the Mormon Church, is credited with a desire to turn over the State to the Democratic party with the exception of the place occupied by Senator Smoot, a complicated attitude which is resulting in considerable debate within the organization of the church.

Democratic hope of defeating Senator Smoot has been lessened by the nomination of Purley P. Christensen as the Presidential candidate of the Farmer-Labor ticket.
